

Activitate la conferințe, workshop-uri și traininguri

Dan Pătrașcu-Baba

Listă actualizată – septembrie 2026

Conferințe și prezentări tehnice

2018

- **Codecamp**, București — *Running C# In The Browser*
- **Codecamp**, Timișoara — *One That Rules Them All. Server-side or client-side With Blazor*
- **IT Camp Community Event**, Cluj-Napoca — *Modern Databases For Modern Applications*
- **Cloud Conference**, București — *Bring AI To Your Systems Using Azure Cognitive Services*

2019

- **.NET Summit**, Minsk, Belarus — *Hold The Door! Powerful API Gateways with Ocelot and ASP.NET Core*
- **Codecamp**, Timișoara — *Meet The Production Ready Blazor aka Blazor Server*
- **Codecamp**, Chișinău, Republica Moldova — *Microservices From The Trenches*
- **Codecamp**, București — *A First Look At A Blazor Application*
- **ApexVox**, Cluj-Napoca — *A First Look At A Blazor Application*
- **DevConf**, Cracovia, Polonia — *Microservices From The Trenches*
- **.NET Fest**, Kiev, Ucraina — *Architecting Blazor Applications – an Angular Inspired Approach*

2020

- **.NET Summit**, Minsk / online — *Vertical Slices – A New Approach To Software Architecture* (ediție online în perioada pandemiei)

2021

- **Cloud Conference**, București / hibrid — *Image Recognition With Azure Cognitive Services* (ediție hibridă în perioada pandemiei)
- **MDC**, Chișinău, Republica Moldova — *Cutting Software Into Slices*

2022

- **DevTalks**, București — *Cutting Software Into Slices*

2023

- **Offshore Energies UK Digital Conference**, Aberdeen, Regatul Unit — *Digital change – the Skills Dimension* (panelist)
- **DevTalks**, București — *Adapting for Success: Thriving as a Developer in an AI-Driven World*
- **Amdaris Open Tech Event**, Timișoara — *Adapting for Success: Thriving as a Developer in an AI-Driven World* (eveniment public)

2024

- **DEV.BG .NETworking Conference**, Sofia, Bulgaria — *Understanding the New Blazor SSR Model*
- **Amdaris Bulgaria Open Tech Talk**, Sofia, Bulgaria — *Microservices are Evil* (live tech talk / discuție tehnică)
- **PeakIT 006**, Brașov — *Cutting Software Into Slices*

- **PeakIT 006**, Braşov — *Architecture Panel* (facilitator)
- **DevTalks**, Bucureşti — *Cutting Software Into Slices*
- **Access Talks – The Access Group**, Timişoara — *Supercharge Your Dev Workflow With GitHub Copilot* (prezentare tehnică internă)

2026

- **PeakIT 008**, Braşov — *The Future of Engineering Roles in an AI-Driven World* (facilitator panel)
- **PeakIT 008**, Braşov — *Panel despre startup-uri* (panelist, alături de Mihai Drăghici; moderat de Tudor Stoica)
- **.NET Zuid**, Eindhoven, Țările de Jos — *Making AI-Assisted Engineering Work in Practice* (meetup)
- **Bucharest A.D.C.E.S. Meetup**, online — *Designing Architectures That AI Can Work With* (meetup)
- **DevTalks**, Bucureşti — *Making AI Assisted Engineering Work in Practice*
- **.NET Day Switzerland**, Zürich, Elveția — *Designing Architectures That AI Can Work With*

Workshop-uri și traininguri

- **Advanced OOP with C# and .NET** — susținut la Ness Digital Engineering, Timişoara
- **Angular Best Friends** — susținut în repetate rânduri pentru Accesa, Accenture și NTT DATA
- **Production-ready NodeJS applications** — susținut pentru Micro Focus
- **Domain-Driven Design Fundamentals** — susținut în repetate rânduri pentru Amdaris, Accenture, Accesa, NTT DATA și Avelgo
